

From Handout to Solution

zhouha@shanghaitech.edu.cn

What you have

- Background
- Description / Illustration
- Input Format
- Output Format
- Samples

WA

MLE

CE

RE

TLE

What you're asked to do

- ~~make America great again~~
- AC the friendly problem with everything you know
- probably ASAP

What you should do

- Skip the background (TL, DR)
- Check the inputs and outputs to see what the task is, use the description to find what the variables mean
- Dig further into the details
 - characteristics of the inputs and outputs
 - the connections between the inputs and the outputs (mostly mathematical)
 - how to solve it like a human
